

EAGLE CITRUS HAND CLEANER with Pumice

Eagle hand cleaner with Pumice is a proprietary organic blend of the highest quality ingredients used to remove grease and soil from the hands. It's all **NATURAL** and three times more powerful than other cleaners. This specially-formulated blend creates a balance of natural soaps, builders, water softeners, and ½ size fine pumice products. This enables it to penetrate difficult to clean areas on a hand like natural crevices and cracks under nails. Eagle hand cleaner's fine pumice acts as a soft scrubber, loosening soil in hard-to-clean areas and holding dirt in suspension with high-grade emulsifiers. It contains **NO ALCOHOL** or **PETROLEUM SOLVENTS** to strip the hands of natural oils, their main defense against irritation. It leaves your hands feeling refreshingly smooth, and gives natural emollient skin protection.

EXCLUSIVE PROPERTIES:

- **Snow Flake Surfactants** – Reduces surface tension and penetrates greasy solids
- **½ Size Natural Pumice (not plastics)** - Reaches cracks and under nails
- **D-Limonene** – The most powerful orange citrus solvent to break up grease and dirt
- **Water Softeners** - Soft water maximizes the effectiveness of cleaning
- **T90 Oil** - Keeps hands soft and restores the natural oils in your skin
- **Wall Dispensers** - For the 4.25 lb. containers for easy application
